## Avoid engine troubles by changing to "summer oil" now

You can't drive your car on the same oil, summer and winter, and give your engine a fair deal! (Just water is a lot of a few cars for which that type of oil is specified.)

The wrong oil brings in power and shortens its life. And it increases your gas and oil consumption and eventually leads to trouble and repairs.

Oil of proper body for winter driving are too thin for densest oil engines in warm weather.

Compressed chambers are not properly sealed—compression escapes—the power stroke is weakened—one gas given by the piston into the crankcase.

And gasoline contaminated with charcoal dust and carbon creates—a cause of scored pistons, worn pistons, damaged bearings and breakdowns on the road.

Your engine is a good engine—built for power and speed. But you must treat it fairly—give it the right oil—if you want close results from it.

Why not learn the proper lubrication—in winter or cold weather—by using the right type of SUNOCO Motor Oil? Now is the opportune time to begin.

Drive your car to the nearest SUNOCO dealer. He will show the "dirt" on your car's condition and tell you the type of SUNOCO designed for a car's use in your car.

SUNOCO is made any other oil. And the test in your engine will prove its superiority.

Being wholly distilled—NOT a compound of a light and a heavier oil—SUNOCO will not plug your engine with carbon, but the spots plug in your the valves.

And SUNOCO is made as an immediately selected type to provide a free-flowing oil of proper body for any condition of service.

Don't put off changing to summer oil. Delay surely brings trouble and expense. And look for the SUNOCO sign. It's the mark of a dealer who sells lubrication—not just "oil."

## MOTOR OIL

## Chevrolet announces a complete standard motor car for \$785

IN offering the Superior Chevrolet at \$785, f.o.b. Oshawa, its manufacturers call attention to certain features of construction, equipment and performance that are positively necessary to complete satisfaction.

Cars less complete, less standard, must now submit to direct comparison with the Superior Chevrolet, and stand or fall on price only.

For there is no lower priced automobile in the world that has the qualities of Chevrolet. Pay less and you get less.

Check these essentials—these absolute essentials to comfort and economy, and see whether they are not, each and every one of them indispensable to a real, modern automobile.

Chevrolet has less gasoline than any other car in its class. It uses less oil than any other car in its class.

Chevrolet is more and safer to drive. Chevrolet is more comfortable to ride in than any other low price car.

Chevrolet has a spontaneous combustion in the transmission.

Chevrolet has an oil pump on the intake manifold.

Chevrolet has a one man top.

Chevrolet has a complete suspension with three springs front and rear.

Chevrolet has a car to spare and does not depend upon chance repairs, breakdown.

Chevrolet has no other headlight in front.

Chevrolet has a starting windshield. It has no other windshield glass. It cannot crack.

Chevrolet has the Power Glass Battery. Chevrolet has power in all four doors, including the hood (the driver's seat).

Chevrolet has a constant gas valve. Chevrolet has both a head and a foot accelerator.

Chevrolet has only two pedals in operation—brake and clutch.

Chevrolet has large flashlight lenses. It has a low stepping body.

Chevrolet has a triple locked central body and fasteners.

Chevrolet has a modern, independent motor, and has no great pricing power.

Chevrolet Four Passenger Comp. \$1025 and Four Door Sedan \$1195, including the latest Fisher Body, crests—f.o.b. Oshawa, Sales Tax Extra.

## Immaculate Floors

**U**NDER radiators, into nooks and corners—nowhere can dust and dirt hide from the Fuller Wonder Mop. Its soft, fluffy strands gather and hold dirt until shaken out. It may be washed and put through the wringer—losing none of its dust-absorbing qualities. Both sides are always ready. It's light and convenient to handle.

We are the largest buyers of brush material in the world, therefore get better quality at lower prices. So do the users of Fuller Brushes. Genuine Fuller Brushes carry the Fuller Red Tip Tag and the Fuller trade mark on the handle.

*No stores sell Fuller Brushes.* Representatives, trained in the science of housekeeping, call and demonstrate them in your home. There is a Fuller Man living in your vicinity. You will recognize him by the Fuller trade-mark button he wears.

Fuller brushes are made in Canada of materials bought in Canada. Designed by and for Canadians.
